Bourse reservations at \$10 are being accepted by F. Sampson and D. Probert with J. R. Cobb in charge of exhibition space reservations. Auction lots are accepted by E. M. Seneca Jr. and Littlepage.

A two and three-quarter inch bronze medal, above, is being struck commemorating the presidency of Louis C. West, 1949 to 1959, of the American Numismatic Society. Medallie Art Company of New York is manufacturing the medal.

**Designed By
Mint Engraver
Gilroy Roberts**

The American Numismatic Society is preparing to issue a bronze medal commemorating the presidency of Louis C. West who served in that capacity from 1949 to 1959.

Designed by Gilroy Roberts, the chief engraver of the United States Mint, the medal will be struck by the Medallie Art Company of New York.

The medal is two and three-quarters inches in diameter, and may be obtained by subscription only at \$3.50 from the A.N.S., Broadway — between 155 and 156 streets, New York 32, N. Y.

The number of specimens struck will be determined by the amount of subscriptions received. Closing date for receipt of orders is June 30, 1960. The medal will be delivered in September.

President West, who succeeded Arthur S. Dewing in 1949, took his post with experience in archaeology in Egypt and in business and government in Cleveland.

He was associated with Princeton university as a lecturer in classics and curator of the coins and medals at Princeton University Library.

Known for his skill as chairman of the finance committee of A.N.S., he also served as a member of the committee on reorganization which studied activities and duties of the staff and suggested improvements.

Bank Exhibit Shows Coins

An exhibit of principal types of gold coins from the Chase Manhattan Bank Museum of Moneys of the World in New York highlighted the display at the State Bank of Arthur, Ill.

The exhibit was arranged for the 50th anniversary open house of the bank.

Types of gold coins struck from 1795 to 1933 and representative coins privately minted in Carolina and California were shown.

Changing designs in the symbolic head of Liberty and different interpretations of the eagle were featured.

Established in 1959, the club holds 24 meetings a year. Meetings are held the first and second Tuesday of each month, 8 p.m. at the Veteran's Building, 15th and H streets.

Officers are elected in December. Dwight Kind, Chenuave, is president; Lee Gilmore, Sacramento, recording secretary; Francis Ferderer, Sacramento, treasurer; and Marie Cantrell, corresponding secretary and librarian.

The Hub Coin Book, published in 1908, lists the 1804 dollar at from \$500 to \$700.

Collection Stolen From Scranton Dentist's Home

Coins valued at \$1,800, the property of William Morgan Jr., 16, were held in a safe carted off by burglars recently, from the Scranton, Pa., home of Dr. William Morgan.

The coins which included some

gold pieces represented a collection started by the dentist's son in 1952; they were part of a \$4,000 loss.

Dr. Morgan and his son joined the Scranton Numismatic Assn. October 12, 1956. The junior member of the father-son collector team was selected Junior Collector of 1956 by the club.

Dr. Morgan is a former director of the Scranton organization, and an active booster for all the Pennsylvania numismatic associates' annual conventions.

Five diamond rings, a seven-skin mink fur scarf, a watch, a Persian lamb muff and men's clothing were also missing.

The safe, Dr. Morgan said, was filled with coins, all held in folders. The burglars carried it down the rear stairs past two tenant homes to the escape car. They apparently gained entrance into the Morgan home through a side window 20 feet from a busy street.

Loss is partially covered by insurance.

Club Plans Participation In Oct. M.A.N.A. Convention

An exhibition, bourse and auction at Kimble Glass, Vineland, is planned by the South Jersey Coin Club, Bridgeton, N. J. The club is actively participating in M.A.N.A.'s convention in October at Atlantic City. The club's far range project is to sponsor the Mana convention in Atlantic City in 1964.

A monthly letter including news, meeting dates of the club is published and there is a club library. Proof coins, foreign and type set of U. S. Coins, currently being assembled, are in the club coin collection.

Each spring and fall there are special exhibits. The annual picnic is held at the last meeting in June. The installation dinner is the first meeting in January, immediately after the officers are

elected the same month.

The club meets on the second Tuesday of each month at Vineland, N.J., and the fourth Monday of each month at Bridgeton. The club was established October 12, 1948. There are 34 members.

No meetings are held in July or August. Other months, it meets at the Vineland Recreation Centre or the Bridgeton address: 84 Church street at 8:00 p.m.

Charles W. Donn, Bridgeton, is president, J. A. Maxwell, Bridgeton, vice president; Hubert E. Rush, Vineland, treasurer; George W. Weber, Bridgeton, secretary; and N. F. Morris, Bridgeton, curator-historian.

N. F. Morris has been the delegate to the M.A.N.A. convention for the past four years.

Minn. Club Discusses Coin Packages

A discussion of packages containing coins by Edwin A. Riley, director of the United States Postal Service Division, bureau of operations, was read to members of the Northfield College City Coin club at a meeting held at the Stuart hotel, Faribault, Minn.

"There is no objection to the insurance of properly prepared packages containing coins, including those having numismatic value," wrote Riley to the coin club members.

He explained coins were classed as either third or fourth class mail, depending upon the weight.

Postal insurance would be payable in case of loss for the established market values of the coins, the postal executive wrote.

Where considerable values are involved it is preferred that mailers avail themselves of the greater security offered by registered mail, according to Riley. However, he pointed out, this is entirely optional with the mailer.

Another interesting area of discussion at the meeting was the old paper money of Tubac, Arizona which had pictures of various animals to indicate denominations because five-sixths of the population didn't know how to read.

A pig was worth one bit or 12½ cents; a calf two bits and a horse, one dollar. A bull note was worth five horse notes or five dollars.

The discount of U. S. coins in Canada was given publicity by the College City club as a public service.

Civil War Medal Action, Still Pends

Legislation is still pending on the Civil War Centennial Medal, Karl S. Betts, executive director of the Civil War Centennial Commission, advised Coin World today.

"At this stage no design for the medal has been drawn," Betts said. "Such a step awaits the outcome of congressional action."

The House passed and returned to the Senate recently a bill authorizing the striking of the medal to mark the 100th anniversary of the war between the states.

Assn. To Issue Pony Express Medal

The Pony Express commemorative medal will be released July 5 — just two weeks before a nine-day re-enactment of the famous trek — according to Waddell F. Smith, president of the National Pony Express Centennial Association.

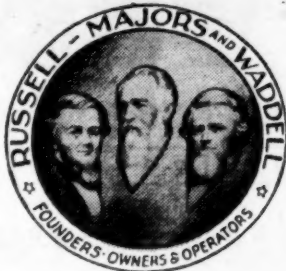

The medal, now in the process of being struck at the U. S. Mint, was authorized by Congress to be the official U. S. commemorative Pony Express medal.

It will be one and five-sixteenths inches in diameter (between a half dollar and a dollar in size) of bronze. The sculptured heads of William H. Russell, Alexander Majors and William B. Waddell, founders and operators of the historic Pony Express, will appear on the obverse of the medal.

On the reverse will be the Hansen Pony Express horse and rider. An inscription around the border will read "United States Commemorative Medal" "The Pony Express" and "1860", "1960".

Original design for the medal was done by Julian A. Links of San Francisco. Final design and sculpture work was done by Mr. Gasparro of the U. S. Mint art staff, Philadelphia.

The Philadelphia Mint is to deliver 20,000 medals by July 5.

The Pony Express commemorative medal, one and five-sixteenths inches in diameter, shown above, is being struck in bronze by the Philadelphia Mint.

Half of this number has already been reserved and paid for by organizations along the express route.

President Smith said plans were underway to request additional medals from the director of the Mint, but that there would be some delay in delivery.

Medals are \$1.75 singly; in lots of 10 to 24 they are \$1.40 each; 25 to 99, \$1.25; 100 to 499, \$1.10; 500 or over, \$1 each.

Orders with check or money order will be accepted in order of receipt by National Pony Express

Centennial Association, 2998 Connor street, Salt Lake City 9, Utah.

The medals are to be delivered to the Centennial association for sale to provide money to defray expenses of the centennial rerun which begins July 19.

The nine-day re-enactment will use one thousand horses and riders to rerun the 1,966 mile route of the Pony Express both ways.

Monuments and markers to preserve the location of the old trail will also be erected and paid for from the sale of the medals.

The Pony Express Association was established by the governors of the eight western states, Missouri, Kansas, Nebraska, Colorado, Wyoming, Utah, Nevada and California. The Pony Express ran through this territory.

No individual may derive any personal profit from its operations, under the charter of the organization. Its only purpose is to sponsor the centennial and to perpetuate the history of the Pony Express.

Nunn Lectures To N.J. Society

A lecture covering three thousand years in Chinese history and a display of Mongolian brick tea money, gambling house tokens, carnelian and jade rings and an ancient temple amulet were given by J. Harold Nunn, Hackettstown, Pa., to the North Jersey Numismatic Society members.

The club which met in the Community House also saw an example of the world's largest piece of silver money, weighing over five pounds. An auction followed the meeting.

Phillips Addresses Calif. Rotary Club

Cyrus Phillips, nationally known coin collector from the Bank of America, addressed members of the El Segundo (Calif.) Rotary Club.

Tracing the history of coinage in America from the founding of this country, Phillip told the Rotarians:

"History is recorded on money. There are 11 presidents, Benjamin Franklin, the Pilgrims, Columbus, and many other notable personages and events in the history of the United States all on coins and notes."

Bechtler five dollar gold pieces circulated at a 5 percent discount 50 years after they were made.

Collecting Is Specializing

The first thing a beginning collector learns, as was my case 20 years ago—you can't collect everything. Generally a new collector begins by amassing everything numismatic in sight. Then he learns that there are more numismatic items than one person can own.

If I remember correctly, the first few months after the collector instinct is born goes something like this: a hectic search through thousands and thousands of coins (obtained from the bank or some other nearby source), an invasion into the pockets and cigar box collections of friends and relatives, a discovery of a dealer who has hundreds of coins for sale.

At this point the tyro may be somewhat disillusioned. He might be overwhelmed by the vast number of coins available. The enlightenment, comes: you can't collect everything.

So the new collector goes home, looks over his collection and picks a series or group he likes better than the rest. So, consciously or unconsciously, the new collector specializes.

Throughout the collecting life of a numismatist, his taste will develop, sharpen and mature. He will be attracted to a new series, buy a piece or two, then really turn earnest in obtaining every variety. Sometimes this develops into an almost scientific search for every variety and subvariety—the die varieties, die breaks, etc.

When the search is really thorough, when every known variety has been recorded, then you have a numismatic achievement. When a scientist is a collector, and he did the searching and recording in a scientific manner, then the outcome is truly worthwhile. (The best example of this is Dr. William Sheldon's work on the early large cent series.) This seems to be the end result of specialization.

Therefore we recommend in your collecting, specialize as soon as you can and strive for completion. If you have a flair for die varieties, well and good, help yourself to any of the series that have these.

Epidemic Of Numismatics

(The following paragraphs are from an editorial in the Dublin (Ga.) Courier-Herald.)

You can rush to the dictionary now (as we did) or you can wait; we will explain. Actually the epidemic isn't serious nor is the affliction fatal, though it may be contagious if you stay around one afflicted.

While most of us are interested in collecting odd and sundry coins (and folding money), the disciples of numismatics are interested in collecting only coins of rare vintage or coins that have some quirk that make them different, desirable and even worth more than their accepted value. In plain English, they are old coin collectors.

Why do they collect old coins? Do they have to have a reason why? Let them find a coin that is difficult to come by and they are happy if they can acquire it. Diligent in their search for coins, they enjoy the chase and then after acquiring the elusive but desirable coins, they will gaze at them with loving affection as a Silas Marner at his pile of gold.

Charter Member Speaks

Walter Rosene Jr., Gadsden, a charter member of the Birmingham (Ala.) Coin Club, spoke on two cent pieces, nickel three cent pieces and three cent silver pieces at a recent meeting of the club.

He was introduced by Mrs. Purdie Moore, first vice president of the club.

Rosene, a life member of the A.N.A., began collecting coins at 13 when he inherited his father's collection, started in 1893. He has 3,900 coins.

Eleven past presidents of the club were honored at the session with Arnold Gary presiding.

Letters To The Editor

First I want to compliment you on the very nice way you set up my ad in the issue of May 19th. Results were most gratifying! Enclosed is copy for the same size ad of 55 inches in the June 9th issue. I am sure I will be pleased with the way you set it up.

J. Grove Loser
Harrisburg, Pa.

I'm tired of reading all those high sounding, praising letters every week. Isn't anyone besides me not happy with your paper? I ran an ad in your paper for three weeks and didn't get a response. I had the same ad in another paper and had several deals even though I ran it only once at a cost of 25c. My last ad in the other publication drew over 1,000 orders, again at a cost of 25c. Please don't keep patting yourself on the back so frequently!

Earl C. Supplee Jr.
Narberth, Pa.

You have lost me as a customer as of right now. For reasons known only to you, you place our ad, which is to run for some time yet, far down the line while ads which are new and never published before at the head of the list...so you just take your old paper and keep on doing whatever you wish...so you just figure you have LOST one damn good subscriber and also one consecutive advertiser.

J. B. Havens
Houston, Texas

I would like to offer a suggestion in regard to mailing of your paper. I received mail and phone calls from seven different states before I received or on the same day I received my paper. I assume that you are staggering your mailings so that all will receive the publication at the same time. If you are staggering your mailings now, how about moving Tennessee forward as apparently we are too far down the line?

I offer this as a suggestion rather than knocking you. I think you are doing a good job and as time goes on, I wouldn't be a bit surprised if you don't take over the top spot. I am a Methodist minister by profession although I have been collecting coins for almost 20 years and a part-time dealer for many years. Pardon the errors—was playing basketball with a group of kids, fell and fractured my shoulder. Guess I wasn't acting my age—ha!

Don White,

We at Jolie Coins had enough faith to take a subscription and a year's advertising contract. The results have been disappointing to date. What an insult! You have never bothered, either publicly or otherwise, to acknowledge our recent annual catalog "Foreign Coins For Young People" by Lee Firester. In case you have misplaced copies of these publications, we are enclosing duplicates.

It is the consensus of opinion of our firm that your newspaper has the vitality and potential that we believe the coin business needs. For this reason, please accept the

following advertisements for the stated periods of time.

The following is not written as an afterthought (to a letter on ad copy), but to add my sincere encouragement to you, efforts and appreciation of your most interesting publication. I will not attempt to single out any one item...there are many that put Coin World head and shoulders above other numismatic publications. I do hope that my subscription and an occasional ad will help.

John W. Teepell

Congratulations for a modern coin paper for modern times...I have been wondering for a long time why somebody didn't print a weekly newspaper. I am enclosing two subscriptions

Guido Boscarine
Eldorado, Ill.

Congratulations on your Coin World! When it started, I thought it would be like so many of the new infant publications which have died shortly after birth. But in the copies which I have seen, you have reached maturity and

are running away from the others, much your seniors. Enclosed is my subscription check with best wishes for your continued success.

Harry L. Kaplin
Santa Barbara, Calif.

Someone sent me a copy of your May 19th issue for which I am grateful. It was so interesting that I am enclosing my check for a subscription.

L. H. Rasmussen
Portland, Ore.

Keep up the good work with the paper. I look for it as a continual source of information and it is the necessary medium for the active collector to have if he is to keep up with the times. I enjoy the Coin Trends on prices and think it is as necessary as the stock page is to the investor in the stock market. Had good results with my last ad, so here's another one.

Douglas M. Teepell
Pittsburgh, Pa.

Herewith is an advertisement for your next issue. We have found the response to our advertising very gratifying and you are doing a fine job in the numis-

THE WEEKLY NEWSPAPER OF THE ENTIRE NUMISMATIC FIELD
Sidney News Bldg. Sidney, Ohio

Newly Organized Club Hears Andrew S. Scott

Andrew S. Scott, president of the Collector's Club of Boston, spoke last month to the newly organized Fall River (Mass.) Coin Club.

Approximately 20 persons attended the club's first public meeting. Scott, who is also secretary-treasurer of the Canadian Collectors Club of Boston, discussed club ideas and auctions, the constitution and by-laws.

He urged members to support their officers, publicize the club and make an effort to bring new members to the next meeting.

A temporary slate of officers were introduced. They are: Mac Almeida, president; Alice B. Costa, secretary; Jim Ragsdale, treasurer; and Fran Brown, advisor.

Coins from Scott's collection and other visiting members were on display. An auction followed the meeting.

Meetings will continue to be held the first Monday of each month at the Y.M.C.A. unless members are notified otherwise. Collectors of Fall River, Somerset, Swansea and other surrounding towns are invited to attend.

L.I. Coin Club Plans Auction

An auction is planned for the near future of the Long Island (N.Y.) Coin Club, Floral Park Center, Long Island.

The club, established in February, 1953, meets the last Friday of each month, 8:30 p.m., at the Firehouse, 94 McKee street, Floral Park Center.

Officers are elected in December. Hugh Stone, New Hyde Park, is president; William Thompson, Freeport, vice president; Morris Brown, Bayside, treasurer; Marie Moore, Valley Stream, secretary; and Harold Schoinstein, Lynbrook, sergeant at arms. Dom Passaro, Garden City, is the A.N.A. Representative.

Honolulu Club Helps Scouts Earn Badges

The Bank of Hawaii displayed coins for the Honolulu Coin Club's participation in National Coin Week.

Established in May, 1955, the Hawaiian club has 61 regular members and two junior members. One of the club's projects includes assisting Boy Scouts in getting their coin collecting merit badges.

Members meet the fourth Monday of each month, 7 p.m., at the armed services Y.M.C.A., 250 South Hotel street, Honolulu 13, Hawaii. The group publishes a monthly bulletin, "The Koin Klubber".

A social meeting with swapping and an auction of coins—without a business session—is held the third Wednesday of each month.

Election of officers will be held later this month. They will be installed at the annual dinner meeting in July.

Present officers are: Lewis Ford, Waianae, president; Annie Mae Chun, Honolulu, secretary; and Kalfred Y. M. Lum, Honolulu, treasurer.

Bank To Display Fugio Cents, Warrants

An exhibit of Fugio cents, the first copper coins minted by the U. S., and a warrant representing the first money ever borrowed by the government will be included in the new Freedomland Branch of the Bank of New York.

The newest branch of New York's first bank, founded in 1784, will serve Freedomland's exhibitors and the thousands of visitors who come to the historic display.

New Kentucky Club

Anyone who has a collection from one to a million coins is welcome to join the new Corbin, Ky., Coin club which featured a dealer-lecture at a recent meeting.

Joe E. Johnson is president of the tri-county organization which meets in the American Legion hall. W. B. Storm is secretary.

Mohawk Club Plans Banquet To Be Held This Month

Members of the Mohawk Valley Coin Club, Utica, N. Y., plan a dinner banquet during this month. Recent meetings have consisted of slides on colonial coins, slides on commemorative half dollars and an auction.

Established in September, 1958, the club has 60 regular members and three honorary members. They meet 10 times a year, since there are no meetings in July or August.

Meetings are held the fourth Tuesday of each month, 8 p.m., at Hotel Hamilton, 225 Bleacher

street, Utica. Postcards are used as meeting reminders.

The annual business meeting is held in January. Innovations of the meetings include the display of coins and talks by members, auctions held every other month and question and answer sessions.

Officers of the group are Ralph S. Short, Utica, president; Gustav A. Siegwert, New Hartford, vice president; Fred W. Kienzle, Utica, secretary; and Wayne N. Palmer, Utica, treasurer.

Museum Houses Club's Coins

The Omaha Coin Club, Omaha, Neb., has a collection of coins at the Joslyn Memorial Art Museum. There is a club library, and the "Coin Club News" is published for members.

Established May 6, 1934, the club has 135 regular members and four honorary members. It meets the fourth Friday of each month, 8 p.m., at the Sheraton Fontenelle Hotel, 18th and Douglas streets, Omaha.

The club has tentative plans to sponsor a coin show about the first of October. During April, the organization took an active part in the Nebraska Numismatic Association's convention.

Alfred B. Moore is president; William E. Vescio, vice president; Melvin D. Stark, secretary; Kenneth S. Dorr, treasurer; and Gene A. Mueller, sergeant at arms. All are of Omaha.

Fla. Club Accepting Charter Memberships

Registration of charter members and a coin auction were highlights of the recent meeting of the Manatee (Fla.) Coin Club, held at the John W. Millington Coin and Stamp Shop, Ellenton.

Club Hears Silver Dollar Discussion

A discussion of silver dollars from their first coinage in 1794 down to the last year they were minted in 1935 was conducted for Seymour (Ind.) Numismatic Society members by Arthur Robinson.

The expert explained the scarcity of the 1804 silver dollar and the history of the trade dollar from 1873 to 1885. He pointed out that although the Treasury recalled trade dollars in 1887, they were still in circulation among coin collectors.

Each member was presented with booklets from the Seymour National Bank giving the history of coins and currency. Phil Cordes Jr. won the special award.

Dale Weasner, the club president, said the next meeting will be devoted to a program on cents—Lincoln, Indian heads, large coppers and Canadians.

Wolfe Donates Coins To Scouts

Coin collecting merit badges will come easier to Anchorage, Alaska, Boy Scouts now—M/Sgt. Herbert H. Wolfe donated a collection to the Anchorage troop.

Accepted by Kenneth R. Jury, scout executive of the Western Alaska Council, the collection is valued at over \$400.

Several of the coins are rare and date back to 1700.

Sgt. Wolfe is stationed with the Alaskan air command headquarters at Elmendorf.

1877 Indian Brings \$63 At Club Auction

A fine 1877 Indian head cent—the prize item sold at a coin auction at the American Legion Home, Woodstock, Va. —brought \$63.

The response to the first coin auction ever held in the community was so enthusiastic a second one has been scheduled for June 9.

Other coins bringing high prices were a 1865 \$20 gold piece, \$50; a 1903 gold dollar, \$30; confederate notes brought as high as \$4; a five cent Winchester script sold for \$1.50 and a 40 cent Shenandoah country note brought \$1.50. Rare half dollars sold for as high as \$12.

Neb. Collection Taken

Whitman boards containing Mercury and Roosevelt dimes, Washington quarters, Franklin halves and silver dollars, valued at \$100, were stolen from the home of Jere K. Jenkins, 2531 North 66 street, Omaha, Neb.

Tidewater Club Moves To Larger Meeting Place

Newer and larger meeting quarters and the establishment of a lending numismatic reference library are accomplishments of the Tidewater Coin Club, Norfolk, Va., according to J. Roger Cobb, president.

Ia. Club Holds First Meeting

The first official meeting of the Keokuk (Iowa) Coin Club was held May 26 in the superior court room.

Ward Troja presented the club with a gavel and gave a talk on the grading and cleaning of coins.

Following the meeting, a 50 lot auction was held. A brilliant uncirculated 1955-S Lincoln cent was auctioned off at 70 cents and an uncirculated 1909 VDB Lincoln cent went for \$2.45.

Organized May 12, the club already has 64 members from the tri-state area. Charter membership will remain open until the beginning of the June 23 meeting, which will be held at 7:30 p.m. in the superior court room.

Liberal Club Holds Auction

Valuation of coins and an auction marked the meeting of the Liberal (Kan.) Coin Club, held in the courthouse lounge.

Jim Harper was elected secretary-treasurer of the club during the business session, which also featured discussion of a change in meeting date, with refreshments and a special prize each time.

Lafayette Club Holds Coin Auction

A 1931 Lincoln cent and an uncirculated 1885 five-dollar gold piece were among the coins auctioned at the first public meeting of the year, sponsored by the Lafayette (Ind.) Coin Club.

Donald A. Appleton is president; Donald Bowman, vice president; John G. Koelling, secretary-treasurer.

A portrait of Queen Elizabeth and a central watermark area are the distinguishing features of the new five shilling note issued by the East African currency board. The note, which is smaller than the former one, omits the previously specified Nairobi, the date and "shilling mark."

Va., according to J. Roger Cobb, president.

Meetings are now held at the Norfolk Motor Co. auditorium the second and fourth Wednesdays of the month where a full stage, public address system, chalk-talk board, theater-type screen and projector are among the facilities.

The reference library for use by the membership will be housed at The Magic Shop, a down-town coin business.

A library committee—Dr. J. Pariah, Lt. Cmdr. J. C. Ruehrmund and Bernard Drexler—is compiling a group of books and periodicals to be purchased or donated.

"CCC"—MAGIC COIN CLEANER

"CCC" is used by thousands of dealers and collectors to improve the appearance and enhance the value of coins which are FINE to UNCIRCULATED, particularly coins of copper or nickel. "CCC" also has other important though lesser known uses. Read the following interesting, unsolicited testimonial (one of dozens in our files):

"I am sure you will be interested in learning that I recently attempted the restoration of a batch of Flying Eagle cents which had been badly burned in a fire over 70 years ago. I used 'CCC' and the results were amazing!

"Five came out EXTRA FINE, three VERY FINE, and all the rest except one are now good to fine. The lone exception proved to have lost its lettering in the fire but the bird retained nearly all of its feathers.

"Each coin proved to be an individual problem and some had to be soaked in 'CCC' overnight for many nights before the residue was loosened. A soft toothbrush was used to brush in baking soda between soakings.

"I firmly believe that burn't coins represent the stiffest challenge any coin cleaner can face. 'CCC' faced up to my problem — and won!"

"CCC" is easy to buy and easy to use. It is inexpensive (one bottle cleans hundreds of coins) and fast acting (cleans in seconds). Get the 4-oz. bottle from your dealer for \$1.00 or send us a dollar for a 3-oz. bottle carefully packed and postpaid in the U.S. or Canada.

Dealers may send us \$4.00 for a trial lot of six 4-oz. bottles postpaid in the U.S., or obtain larger supplies from jobbers.

Minister's Suggestion Brought About Motto 'In God We Trust'

A minister, M. R. Watkinson, was first to suggest the propriety of recognizing the Deity on United States coins.

Rev. Watkinson wrote from his Ridleyville, Pa., home in a letter dated November 13, 1861, his petition for such reference to S. P.

Two Cent Bronze

Chase, secretary of the treasury. Rev. Watkinson's letter read: "Dear Sir:

"You are about to submit your annual report to congress respecting the affairs of the national finances.

"One fact touching our currency has hitherto been seriously overlooked. I mean the recognition of the Almighty God in some form in our coins.

"You are probably a Christian. What if our Republic were now shattered beyond construction? Would not the antiquaries of succeeding centuries rightly reason from our past that we were a heathen nation?

"What I propose is that instead of the goddess of liberty we shall have next inside the 13 stars a ring inscribed with the words

'perpetual union'; within this ring the all-seeing eye, crowned with a halo; beneath this eye the American flag, bearing in its field stars equal to the number of the States united; in the folds of the bars the words, 'God, liberty, law.'

"This would make a beautiful coin to which no possible citizen could object. This would relieve us from the ignominy of heathenism. This would place us openly under Divine protection we have personally claimed.

"From my heart I have felt our national shame in disowning God as not the least of our present national disasters.

"To you first I address a subject that must be agitated."

This letter seemed to deeply impress Secretary Chase because within a few days he wrote a letter to the director of the mint, James Pollock.

"Treasury Department

"November 20, 1861

"Dear Sir:

"No nation can be strong except in the strength of God, or safe except in His defense. The trust of our people in God should be declared on our national coins.

"You will cause a device to be prepared without unnecessary delay with a motto expressing in the fewest and tersest words possible this national recognition.

"Yours truly,
"S. P. Chase"

Since the Act of 1837 has already designated coin inscriptions, the recognition of the Deity awaited a change in law.

The mint director, however, suggested to the secretary that either "Our Country; Our God" or "God, our Trust" might appear on the minor coins to be issued in 1863.

The secretary wrote on December 9, 1863:

"I approve your mottoes, only suggesting that on that with the Washington obverse the motto should begin with the word 'Our' so as to read, 'Our God and Our Country.' And on that with the shield it should be changed so as to read 'In God We Trust.'"

Proper authority came in the Act of April 22, 1864, to name the devices by the mint director with approval of the secretary of the treasury for the minor coins minted under this specific act. "In God We Trust" first appeared on the two-cent bronze piece of that date. Congress followed with a more comprehensive act in 1873 for the inscription of such a coin motto.

Calloway County Club Elects Officers

A new official family takes over for the Calloway County Coin Club, a Kentucky organization, which meets at the Murray City Hall the second Tuesday of each month.

Dr. Robert Alsop is the new president; G. B. Scott, vice president, and James C. Williams, secretary.

Williams and Scott held offices last year, and simply reverse their positions for the new club year. George Hewitt is the retiring vice president.

Roll Collecting Has Its Own Value

By Jim Kelly

333 W. First St., Dayton 2, Ohio

We have received a number of letters criticizing and even ridiculing the roll collector. Several dealers have even spent money for advertisements to discredit this type of buying. This was to be expected as most anything new or different gets similar treatment.

Jim Kelly

I have been buying, selling, and putting aside rolls for over twenty years but never felt it part of my obligation to preach either for or against investment buying. These comments bring to mind years ago when I was just a collector. I was often kidded and referred to by certain dealers as the "Penny Kid" because of my interest in Indian Head and Lincoln Cents.

Also, shortly after I became a full time dealer in 1936, a great many collectors were sure that Commemorative Half Dollars would be the ruination of numismatics. Then, prior to World War II, the general opinion was that anyone collecting foreign and ancient coins was wasting their time and money. Certainly these have proven to be false prophecies.

Of lesser importance is the fact that European numismatists have always considered the American collector crazy for collecting by date and mint mark. However, through all these catastrophic blunders, collecting — investment and otherwise — as well as the science of numismatics itself, has continued to enjoy a phenomenal growth.

A large part of the recent popularity enjoyed by the numismatic hobby can be directly attributed to this type of investment buying. I might add that a great deal of the success enjoyed by coin dealers can also be attributed to the same thing.

Whether you agree or disagree with this phase of numismatics is your privilege — just as it is the privilege of any collector to pursue his hobby in whatever way he chooses. That is the American way and may it continue so.

Why fight 'em? Join 'em! It may be more fun than you think!

A Word Or Two Of Explanation

Since we have many readers who are just starting to collect rolls, for their information may we point out that a roll of cents contains 50 pieces with a face value of 50c; a roll of nickels contains 40 pieces with a face value of \$2.00; a roll of dimes contains 50 pieces with a face value of \$5.00; a roll of quarters contains 40 pieces with a face value of \$10.00; a roll of halves contains 20 pieces with a face value of \$10.00.

The condition for singles and rolls quoted is standard brilliant uncirculated. Mint sets are quoted in brilliant uncirculated condition, and contain the proper number of coins available from the indicated mint for that year. Proof sets are special condition (proof or mirror surface made only at the Philadelphia mint) and contain one coin of each denomination.

Accidental Finding Of Two Coins Leads Canadian To Valuable Collection

Two rare coins he found on the street 15 years ago has led Albert Sentes, 1271 Coric Ave., Burlington, Ontario, Canada, to a collection he values at \$6,000!

But—in spite of 2,000 letters from fellow collectors all over the world last year—he is still seeking to learn the origin of the first two coins in his collection!

Sentes, a member of the Hamilton Coin Club, is the guiding light behind the organization of a new club in Burlington which meets monthly at a Lankester Lodge. "Everyone is a potential collector," Sentes says. "And it's better to start young!"

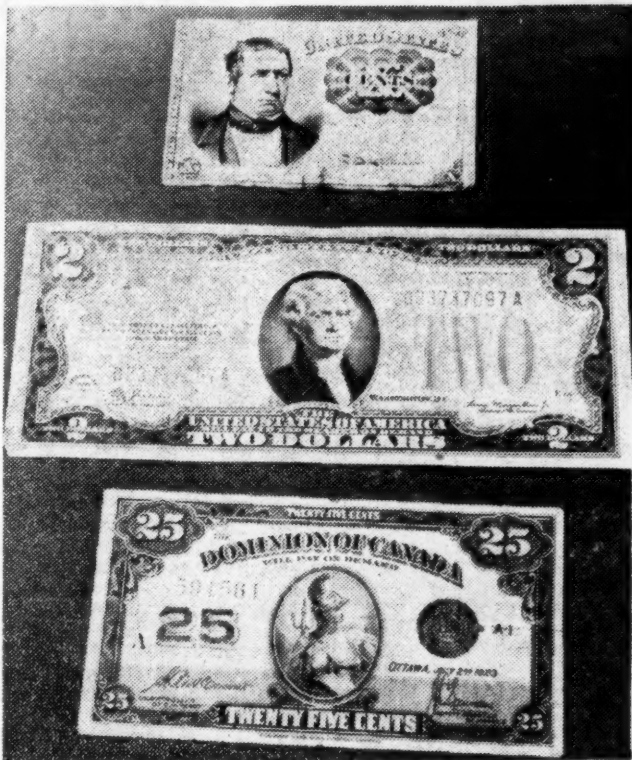

A. Sentes He has already launched his son, Jim, six, with a collection. Rare coins, Sentes points out, are becoming harder to find since recently many bank employees have started collecting for themselves. Sentes quotes Jean Baillargeon, a Royal Bank of Canada employee, who claims he has a 1936 penny worth a thousand dollars because there are only eight known to exist in the world. It has a die indentation.

Collectors should watch for such oddities, the Canadian numismatist said. He has a dime which has the last digit missing on the date.

In discussing counterfeiting, Sentes recalled that the punishment was truly fierce in Canada at the turn of the 19th century!

The culprits caught counterfeiting had their ears cut off, then they were stoned and dragged through the streets.

"As your collection improves

Three bills in the \$6,000 collection of Albert Sentes, Burlington, Ontario, Canada, are, from top, a 10 cent United States bill in the 1874 series, a two dollar U. S. bill and a 25 cent Canadian bill, issued in 1923. (Burlington Gazette Photos)

you can start specializing," the coin expert said. Currently he is occupied collecting crowns from all over the world.

Included in the advice to beginner-collectors from Sentes was the

caution never to clean coins!

He mentioned an item for beginners to watch for: The "devil's head" found in the Queen's hairdo on 1954 Canadian bills.

Mass. Coin Club Features Informal Social Gatherings

Informal social gatherings are a feature of the New Bedford (Mass.) Coin Club. At present a drive is being held for more members and a junior member club is being formed.

During National Coin Week a display was held. Two special meetings are planned for this year with special exhibits for these occasions.

Something New! PLASTIC ENVELOPES

Clear polyethylene, pliable and guaranteed not to crack or dry out. These long flap envelopes give maximum protection against chemical action which causes tarnish, spotting, etc. Coins can be displayed without exposure. Made to hold the large size Silver Dollar and most Crowns but will still fit easily into a 2x2 envelope.

We are now using these for all our Uncirculated and Proof, as well as choice coins. Something collectors and dealers have been needing for years.

The group meets at the home of Roland Fortier, at present, but it expects to move to new quarters, soon, at the local radio station's meeting room. Meetings are held on the first and third Sundays at 3:00 p.m.

Officers are elected in November. Gerald A. Pelletier, Achushnet, is president; Thomas M. Boomer, New Bedford, vice president; Alphonse A. Chenette, New Bedford, secretary; Conrad W. Silver, South Dartmouth, treasurer; and Arthur E. Leger, New Bedford, Mass., librarian.

Club Receives Charter

The Coffeyville Coin Club of Kansas has just received its state charter as a nonprofit organization. Ray R. Biswell is listed as the resident agent.

During the Civil War, the New Orleans mint was seized by southern patriots to strike Confederate coins.

Collectors View Coins

Sudbury, Ontario, Canada, coin collectors view some odd collections during a recent meeting of the Nickel Belt Coin Club in Memorial Hall.

Left to right (top photo) are R. C. Willey, president; J. E. Charlton, guest speaker and president of the Canada Coin Exchange, Toronto; Martin Stocker, publicity director for the Sudbury Club, and Charles Martin, the club's founder.

The quartet is inspecting odd pieces of money in Charlton's display — the Japanese money tree, Swedish plate money and stone money.

Rare pieces of currency are checked in the bottom photo by Gilles Quintel, left, and Bill Bromell, who study an old \$20 bill, part of one of the collections on display at the meeting. Bill is the dedicated coin collector in this duo. (Sudbury Star Photos)

Little Egypt Plans Exhibit

Little Egypt Coin Club members in Eldorado, Ill., are planning an exhibition booth at the Shawneetown sesquicentennial celebration the first four days of July.

Coin collections will be displayed along with informative literature about rare coins for those interested in this type of hobby.

Organized eight years ago, the club has an enrollment of 110 and has moved to larger meeting quarters on two occasions. Stamps first occupied the club but this soon shifted to the collection of rare coins, too.

Members of the club had sever-

al elaborate displays during the recent National Coin Week.

J. R. Barton was president the first six years with Whit Mitchell elected president in 1959; he is serving in that capacity at present. Guido Boscarine has served as club treasurer since it was founded.

Sarasota Club Hears Coin Week Review

A review of National Coin Week was given by Col. H. E. Harvey, president of the Sarasota (Fla.) Coin Club at its recent meeting, held in the National Bank community room.

One of the evening's features was a coin auction.

The first United States nickel five-cent piece struck in 1866 bore 13 stars around the large 5; rays or bars separated these two markings. The next year the rays were eliminated.

Coin Week Displays Listed

The Triple Cities Coin Club of New York State held a one-day show, exhibit and auction at the Johnson City (N.Y.) Moose Club auditorium to observe National Coin Week.

So successful was the affair, the first in club history, the Triple City members plan to make it an annual fete.

Collectors from New York and Pennsylvania were present for the 192 lot auction, handled by James

Ruddy and Thomas Novobilski as auctioneers. Ten dealers had bourse tables; there were exhibits of foreign, Canadian, United States currency and gold.

Fred G. Hunter, president of the club, was enthusiastic at the success of the show—attended by 500 people.

The club meets the first and third Tuesdays at the Johnson City Moose club; during the summer months of June, July and August, the club will meet the third Tuesday only.

A display of rare coins was arranged by members of the Oak Park (Ill.) Coin Club at the St. Paul Federal Savings and Loan Association to celebrate National Coin Week.

Displays of coins at the Reading (Mass.) Public Library and at downtown business houses in Reading and Wakefield were projects of the Middlesex Coin Club during National Coin Week.

In observance of National Coin Week the Fairbanks, Alaska, Coin Club set up a display in the Adler Book Shop. President Stanley Robertson and Vice President Fred Kwitkoski were present at the exhibit daily to discuss coins. Another display was located in the lobby of the Northward building.

A rare coin display was on exhibit at the St. Paul Federal Savings, Arlington Heights, Ill., during National Coin Week through the courtesy of the Oak Park, Ill., Coin Club.

Walter Kenninger, Harold Sullivan, Julius Goldberg, George Cheleden and J. Diamond were among the members of the Germantown Coin Club of Philadelphia who exhibited at the Liberty Federal Savings and Loan Assn. during National Coin Week.

Shell money of the Duke of York Island, dewarra, is measured in length. The basic unit is the length from hand to hand across the chest with arms outstretched. Smaller units are from the shoulder to the tip of the fingers, wrist to finger, etc. Each measure has a specific name.

The Romance of MONEY

By Ted R. Hammer

At a recent meeting of the Wichita Coin Club a dealer brought along a small leather Boston bag filled with rolls of the 1959 nickels of the Philadelphia mint.

He obviously had told several fellow members that he would bring these rolls to the meeting. During dinner some members who just couldn't wait approached the dealer, buying one to five rolls of the coins at \$6 per roll. Before he finished dinner, the dealer advanced the price to \$7.

A roll contains 40 coins, with a face value of \$2. This same dealer was asking \$12 a roll for the coins in early April, while magazines listed them at \$8 to \$12 per roll.

This demand for rolls has crept gradually the past few years. There was a demand for rolls about 10 years ago, and then it fell off. There have been similar cycles since. Now the rush is on again. Some established dealers refuse to handle rolls, although it may seem silly for a man in business to pass up sales. Some dealers use their advertisements to discourage the practice of hoarding rolls.

Membership in the American Numismatic Assn. is increasing at the rate of 400 persons monthly. Most of the new members are "investors," attracted by possible profits in rolls and other coins rather than because they are students.

There is no reason for the prices commanded by the rolls of 1959 nickels. Mint reports for last year state that 27,248,000 nickels were struck at the Philadelphia Mint. It is not likely that there ever will be 27 million collectors of nickels in the United States. The market in the 1959 rolls of nickels is only one example. Most of the trading is in rolls of coins issued the past 10 years.

The investor demand has extended to proof sets, so that the Philadelphia Mint sold 1,149,291 of these last year. The 1959 total was 875,652, while it was 1,247,952 in 1957. Even though there may be a million coin collectors in this country, all would not be interested in the same items, such as proof sets.

This craze is not unlike the old chain letter racket. In the end, some persons are apt to be hurt. Some collectors are putting away rolls of current coins "just in case," when they can get them at face. The persons who pay fantastic prices are the ones who run the risk of losing.

A patent for encased postage stamps was issued to J. Gault, Aug. 12, 1862. Small coins disappeared from circulation so postage stamps passed for small change. Gault enclosed the stamps in metal holders faced with mica to prevent wear. On the back of the holder were advertisements of various firms. They were in use for only a short time.

Independent Republic Fails To Issue Coinage

Texas—the only state that was an independent republic before it was admitted to the union—failed to issue coinage during its independency, but it did print paper currency—a scarce item in those days!

Texas' unique republic will not be lost in coinage history in spite of the fact she did not issue any metal coins. The Texas centennial half dollar, 1934, is a beautiful commemorative.

Numismatists have speculated as to why Texas did not immediately order coinage to be struck when she defeated the Mexicans and formed the Republic of Texas. This is usually one of the first procedures of a new nation.

The ready accessibility of the Spanish pieces of eight and the famous doubloons is believed to be the reason for the lack of issue.

Charles III Mexican Globe Dollar

Pieces of eight—Spanish milled of silver, was a dollar of eight reales. The Mexico City mint first produced these in 1607 and continued to mint them until 1821.

This coin may be identified by two globes between two pillars on the obverse, and the Spanish coat of arms on the reverse until 1771. The following year the obverse was changed to King Charles III.

The "pieces" terminology originated when people simply cut the dollar literally into pieces to make change—when it was split into halves they were known as "four bits," and quarters were known as "two bits." Two bits for a quarter is familiar modern lingo.

Pieces of eight was once the most popular coin in America because of the West Indies—American trade agreements. In 1857, however, it was decreed that pieces of eight would no longer be considered legal tender in the United States.

Juniors Plan Exhibit

An exhibit of coin collections by junior members to be held June 13 is the current project of the Midland (Ohio) Coin Club.

A committee including Tom Shafer, president; James McGeehan and Ray Stowitsky will plan the exhibit.

Young Collector Wins

Patrick O'Dell, eighth grade Fortuna, Calif., coin collector, walked off with the grand award in the finals of the Fortuna elementary school hobby show.

His collections of coins, paper money and numismatic literature accumulated over the past three years took sweepstakes honors.

Tidwell Speaks To Temple Club

K. K. Tidwell was guest speaker for the Temple (Texas) Coin Club May 24 at the group's meeting in the Temple High School.

Tidwell, who is vice president of the Heart of Texas Coin Club, Waco, spoke on America's first coins.

A talk on U. S. paper money was given by L. L. Edmonds, Waco, treasurer of the Heart of Texas Club. Also attending the meeting from Waco, was Signey Henson.

Club Meets First Tuesday Of Month

The Montgomery (Ala.) Coin Club meets at the Chamber of Commerce building, 41 Commerce street, on the first Tuesday of each month at 7:30 p.m. There are 27 regular members.

President of the club is Earl Jacob and secretary-treasurer is Miss Barbara Oliver.

The cordoba, Nicaragua's unit of money, takes its name from the city of Granada, named for its Spanish founder, Cordova.

Calif. Clubs Hold Carnival

Six coin clubs participated in the Coast Counties Coin Carnival, May 21 and 22, in the Los Gatos (Calif.) History Club.

Clubs taking part included those from San Jose, Lockheed, Watsonville, Santa Cruz, Palo Alto and Los Gatos.

Among the displays were Biblical coins and odd media of exchange from far parts of the world

Exhibits were shown by 20 bay area collectors. Members taking part from Los Gatos included Ed Merrill Jr. and Editor Hand.

In 1817, the paper money situation was so bad bankers spread rumors about notes issued by their own bank. When banknotes dropped in price, bankers quickly bought them up for a fraction of their value.

Romcovitz Wins First During Mon Valley Show

Peter Romcovitz, Wyano, Pa., was awarded first place with his exhibit of general numismatic material at the Mon Valley Coin Club show, bourse and auction, held at the Charleroi, Pa., Elks Club.

John M. Booth, general chairman of the show, said 28 bourse tables were in operation with a blackboard auction, an innovation

in southwestern Pennsylvania, as an afternoon feature. One hundred forty lots were sold, Booth said.

"Dealers reported business was brisk . . . with serious buyers and sellers," Booth said.

An uncirculated \$20 dollar gold piece and a 1909-S VDB Lincoln cent in fine condition were prizes in the evening.

Monticello Club Elects

New president of the Monticello Coin Club, Arlington Heights, Ill., is T. C. Stebbings with Jerry Klopp

first vice president; Brian Cutler, second vice president; William Eppley, secretary; Sam Sherman, treasurer.

Stebbins is also president of the Elgin Coin Club.

The Monticello group meets the first Friday of each month at Oak School; members are from Palatine, Arlington Heights, Rolling Meadows and Barrington.

In its third year of activity, the club has a coin discussion, a trading session and special prizes at each meeting.

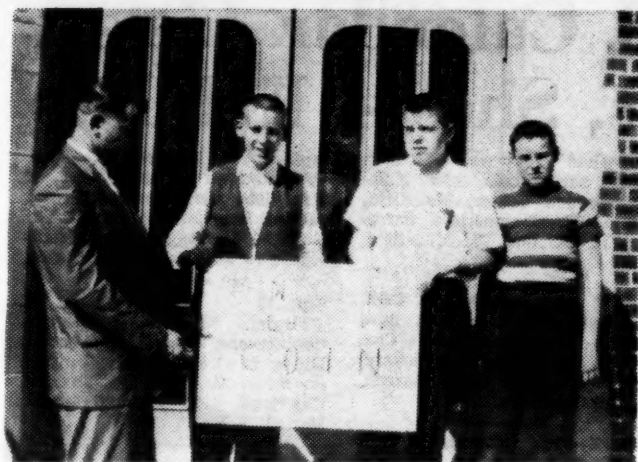

Diablo Society Names Leader

First president of the Diablo Numismatic Society Pleasant Hill, Calif., is Sgt. Robert J. McGarrigle, an army recruiter.

He will be assisted by John Schreuder, vice president; Howard Boarman, treasurer; Warner Wandry, secretary, and Malfina Piccone, librarian.

A coin exhibit and auction were held at the recent meeting held at St. Andrew's Presbyterian Church, Pleasant Hill.

Designer of the commemorative convention taker of Bavaria, 1828, had a problem of space—he had to include the queen's head—and the portraits of her eight children.

Jr. Club Officers Listed

These junior numismatists are members of the Lincoln School Coin Club, Skokie, Ill. Left to right are R. Johnson, sponsor of the club, and school principal; Donn Allan Pearlman, president; John Peters, secretary, and Scott Ness, vice president. Membership is drawn from the seventh and eighth grades at the school where the meetings are held.

Enclosed is another ad. Your weekly newspaper is a smashing success as far as I'm concerned. Have had better response from your publication than any of the others I have advertised in.

R. W. Miller
New Haven, Ind.

I'm having good results from the advertising in your paper. This weekly coin newspaper has filled a very important need—especially to mail order dealers.

Mary Dalton
San Diego, Calif.

Am very much pleased with the results of my ad in the May 12th issue. I do believe you are rendering a fine service in the Coin World for "the coin world."

J. Lewis Macomber
Castile, N.Y.

Enclosed find our check in payment for an advertisement in your paper. We regret to state it was a total loss. Had just three orders from it and they were all on an error on our part. We believe in giving all new publications a try and in 24 years of this business, this was the worst response to any advertisement we have ever put in. Similar advertisements in another publication has netted over \$1800 in orders to date.

William G. Scott
Greenwood, Mass.

Your paper is the best on the market. Jim Kelly's coin trends "knocks them over." Here's hoping you the best of luck in the future. Enclosed is check for charter subscription.

Each Meeting Features Auction

A coin auction is held after each meeting of the South Central Nebraska Coin Club, Hastings, Neb. Films on coins are shown to the 42 regular members, seven junior members and one honorary member. The group meets on the fourth Monday of each month, at 8 p.m., at the Hastings Museum. Officers are elected in May.

The liberty bell reproduction, one of the star attractions sponsored by the D.A.R. at the Chicago world's fair of 1893, contained 250,000 cents contributed by school children. Later the bell, scheduled for a national tour, disappeared.

COIN ALBUM

THE LIBRARY OF COINS

Complete visibility and complete protection, the two most-wanted features of a coin album, are presented for the first time by THE LIBRARY OF COINS. Bound like books, handsome and compact, each Library of Coins volume displays and protects its coins between two sliding panels of clear, tough plastic. Each coin "porthole" has printed next to it full data on mint mark and quantity minted. Each volume contains a brief background story on the coins, giving both the novice and advanced collector helpful information, including a listing of the rare dates.

Measuring 8 1/4" x 6 1/4", the volumes are low priced, sturdily manufactured, and permanently bound in a variety of identifying colors for the various denominations. Their compact size permits the storing of a large coin collection in very small space. Backbones are clearly gold stamped so that they are as readily identifiable as are books.

The Library of Coins represents the first major innovation in high grade coin albums in more than 30 years, and was several years in development. Designed by numismatists, the Library of Coins is designed to satisfy the needs and desires of numismatists. Write for descriptive circular on the Library of Coins.

Our albums and books are available at your local coin dealer, stamp dealer, book store, hobby shop or at department store coin counters.

Dealers are invited to send for our Wholesale Price List, using their business stationery and furnishing suitable credit references as to their commercial status.
